

Innovega Inc. to Present at the 9th Annual LD Micro Invitational

Bellevue, Wash., May 22, 2019 (PR Newswire) — Innovega Inc., a company developing stylish, lightweight, wearable displays that feature a high-resolution, panoramic field of view for virtual and augmented reality, today announced that the Company will be presenting at the 9th Annual LD Micro Invitational, to be held on June 4-5, 2019, at the Luxe Sunset in Bel Air, California.

Mr. Steve Willey, Innovega Co-Founder, President and Chief Executive Officer, will deliver a corporate overview and discuss recent business updates and highlights on Tuesday, June 4, 2019, at 2:40 p.m. PT. Mr. Willey will also be available to meet with investors during one-on-one meetings.

To access Innovega's live and archived webcast, which will be available for 90 days following the event, please visit: <http://wsw.com/webcast/ldmicro16/inn/>

About LD Micro

LD Micro was founded in 2006 with the sole purpose of being an independent resource in the microcap space. What started out as a newsletter highlighting unique companies has transformed into several influential events annually (Invitational, Summit and Main Event). In 2015, LD Micro launched ldmicro.com as a portal to provide exclusive intraday information on the entire sector, including the first pure micro-cap index (LDMi), which covers stocks in North America with market capitalizations from \$50 million to \$300 million. For more information, visit www.ldmicro.com.

About Innovega

Innovega is developing the world's first human-friendly, panoramic-field-of-view system for augmented reality and virtual reality. Its eMacula™ combination of stylish glasses and iOptik® smart contact lenses provides the user with a discreet, high-performance entertainment and information experience that goes beyond any available system.

The company was co-founded by prominent inventor and optometrist Jerome A. Legerton and Stephen Willey, former CEO of augmented reality pioneer MicroVision. Innovega has been funded by grants from the National Science Foundation, Defense Advanced Research Projects Agency and the National Institutes of Health National Eye Institute, and through private investment.
